

SHIP NAME

Hull no 332 and 334

LOCATION Spain	VESSEL TYPE Dredger
SHIP OWNER Jan de Nul - Belgium	CLASSIFICATION SOCIETY DNV
SHIPYARD Construcciones Navales del Norte - Sestao	PIPE SYSTEMS Fibermar® & Wavistrong® systems
COMPLETION DATE 2009	

SCOPE

Major systems provided for this project included:

- Gland & Flushing system
- Raw Water system

Our scope entailed a single point responsibility for:

- Engineering: Isometrics, bill of materials & spool drawings
- Manufacturing of pipes and fittings
- Prefabrication of spools
- Packing and delivery
- Installation
- Documentation

ADVANTAGES / SPECIAL ATTRIBUTES

Our understanding of the process involved helped us to ensure proper system design and the selection of most appropriate jointing system. Our site installation crew worked closely with the yard personnel to ensure proper installation of the pipes and fittings in a timely manner.
