Brattvag, Norway

VESSEL TYPE

AHTS

SHIP OWNER

Maersk Supply Service

CLASSIFICATION SOCIETY

DNV

SHIPYARD

Aker Yards AS

PIPE SYSTEMS

Wavistrong® system

COMPLETION DATE

2008 - 2009

SCOPE

Major systems provided for this project included:

- Fi-Fi system

Our scope entailed a single point responsibility for:

- Engineering: Isometrics, bill of materials & spool drawings
- Manufacturing of pipes and fittings
- Prefabrication of spools
- Packing and delivery
- Training yard personnel
- Installation supervision
- Documentation

ADVANTAGES / SPECIAL ATTRIBUTES

Our understanding of the process involved helped us to ensure proper system design and the selection of most appropriate jointing system. Our site installation crew worked closely with the yard personnel to ensure proper installation of the pipes and fittings in a timely manner.
