

Project name

Blossom Way Parallel Sewer
& Pinnacle Hills Relief Sewer

Location

Rogers, AK

Completion date

May 2006

End user / Owner

City of Rogers Water Utilities

Contractor

Rosetta Construction, LLC

Description

Supply of 10,700 feet of 18", 30" and 42" Fiberstrong™ FRP sewer pipe SN 72 with standard Reka coupling joints.

Advantages / unique project features

A Corrosion resistant pipe system with water-tight joints that easily passed the city's leakage allowances. Project involved some deep lines with covers over 24 feet. Another project successfully completed; on-time.
