

Project name
Four Mile Creek Trunk
Sewer Rehabilitation

Engineer
Greeley & Hansen

Completion date
December 2007

End user / Owner
Henrico County (VA)
Department of
Public Utilities

Contractor
Spiniello Contracting

Description

Supply of 4,000 feet of 72" ID Fiberstrong™ FRP pipe SN72 with low profile Bell x Spigot joints, plus 320 ft of 18" slip lining pipe

Advantages / unique project features

A Corrosion resistant pipe system used to reline corroded concrete trunk line. 3 ft long sections were used to navigate through bends.
